- 8. Adjournment**

# Communications Referred Directly

## Lake Ridge Road and Regional Road 12 / Pefferlaw Road, Township of Brock

# Advance Road Closure Notification

---

**Works Department**
**January 2, 2019**
**Public Notice**

---

The Regional Municipality of Durham (Region) will be reconstructing the intersection of Lake Ridge Road (Regional Road 23) and Regional Road 12 / Pefferlaw Road (York Regional Road 21) to a roundabout, in the Township of Brock, as shown on the attached map.

The project includes intersection reconstruction from a two-way stop-controlled condition to a single lane roundabout. The roundabout will include re-alignment of all four approaches to the intersection, illumination, concrete curb and gutter, median islands and central island landscaping.

A staged closure of Lake Ridge Road at the intersection of Regional Road 12 / Pefferlaw Road will be required. The north and south approaches of Lake Ridge Road will be closed one at a time, for a total duration of approximately four months. During these road closures residents will be able to utilize local roads around the intersection, while the through traffic will be diverted through signed detour routes on adjacent regional roads and provincial highways. The staged closures will expedite the construction schedule, maintain a safe work zone for the workers and protect the safety of road users.

Construction for this project is scheduled to start in the spring of 2019 with completion in the fall of 2019. As these dates are subject to change, a second notice will be issued to confirm the construction start date, road closures and to provide contact information for Regional representatives. The Region realizes that the work will be disruptive and will make every effort to complete the work as quickly as possible.
