Dear Friends of the Trail,

As the trail-building season winds down for the winter, we are pleased to share with you some of the highlights and successes of the past few months. Following the coast-to-coast-to-coast connection of The Great Trail in 2017, our focus has turned to maintaining, enhancing and extending this iconic network of multi-use recreational trails – the longest in the world – and we look forward to continuing our important work, as we begin the next 25-year chapter together.

### Support for the Trail

We are extremely grateful to the Government of Canada for its ongoing support – on September 4, 2018, the federal government formally announced \$30 million in funding over four years for Trans Canada Trail from Parks Canada. This is a testament to the importance of our national Trail for all Canadians. Additionally, the federal government’s support allows us to leverage others to give, which continues to boost our private sector fundraising efforts.

In late June, we announced a \$250,000 donation from Enterprise Rent-a-Car Foundation, a gift made in honour of their 25th anniversary in Canada. This gift will establish a ‘Mobility Fund’ that will make the Trail more accessible with the addition of amenities, including designated parking, benches and universally accessible facilities, such as docks with accessible launch systems, the installation of guide wires and adapted signage for those with visual impairments.

We launched our *Deeply Connected* Campaign in Toronto on October 18 and then in Vancouver on October 23. We are grateful to the many donors and *Champions* who joined us to hear more about the ways the Trail can benefit our health, our local economies and our diverse cultures.

### Trail Projects

We were thrilled to have been able to support so many amazing projects this year, including a new greenway connecting the communities of Mississauga First Nation and Blind River in Ontario; a boardwalk to remove a road section of the Trail in Penniac Bay, Manitoba; and a new greenway in the hamlet of Tulita, Northwest Territories.

While the work on the ground may be slowing down now, we are already looking ahead to next year's construction season. In the latest request for funding applications, we received over 140 new proposals for Trail projects from across the country. These projects will create more greenways and active transportation routes, improve accessibility, provide for more signage and trailheads, and repair Trail sections that have been damaged by natural disasters.

In the spirit of reconciliation and building new partnerships, we continue to forge connections with Indigenous communities and organizations across the country. A number of new projects are connected to or spearheaded by Indigenous communities, including a new tourism project being developed by Beardy's & Okemasis' Cree Nation in Saskatchewan.

### **Connecting with Canadians**

Summer and fall were a busy time at the Trail! The Great Trail Treasure Hunt brought thousands of families onto the Trail searching for treasure boxes all across Canada, which created great excitement and increased awareness.

We also launched our *Deeply Connected* Campaign online by sharing the stories of individuals for whom the Trail holds a special place in their hearts ([thegreattrail.ca/videos](http://thegreattrail.ca/videos)). Whether cross-country hiking, cycling or using the Trail for daily exercise, the connection of Canadians to the Trail is deep. To inspire more people to get out and discover their own special place on the Trail, we continue to add itineraries for day, weekend and multi-day journeys to our website ([thegreattrail.ca/journeys](http://thegreattrail.ca/journeys)).

On November 1, we were humbled and honoured to receive the Royal Canadian Geographical Society's (RCGS) Gold Medal, which is the highest award bestowed upon an organization. Trans Canada Trail received this award at the RCGS Fellows Dinner, in honour of the cross-Canada connection of The Great Trail in 2017. We would not have celebrated this great achievement had it not been for the tireless work of trail groups and volunteers; the tremendous support of donors, *Champions* and all levels of government; and the passion and dedication of Canadians across the country.

Thank you for being on this journey with us!
